

# THE NEW FRONTIERS in Gastric Cancer diagnosis and treatment

**Forlì 2018**, September 13<sup>th</sup>-14<sup>th</sup>

Auditorium San Giacomo,  
P.zza Guido da Montefeltro, 7 - Forlì, Italy

## Scientific Committee:

*Prof. Giorgio Ercolani, Dott. Paolo Morgagni,  
Dott. Luca Saragoni, Dott. Leonardo Solaini*

 **CONSORZIO  
FORMAZIONE  
MEDICA**

PROVIDER STANDARD NAZIONALE - ID33

Promoted by

## Thursday, September 13<sup>th</sup>

### 08:30 - 09:00

Introduction

*G. Ercolani, P. Morgagni, L. Saragoni*

### THE NEW FRONTIERS

**President:** *G. Ercolani (Italy)*

**Chairmen:** *P. Morgagni (Italy),  
L. Saragoni (Italy)*

**Interactive section:** *L. Solaini*

### 09:00 - 09:20

Gastric Cancer in 2018: what's new?

*JF Ji (China)*

### 09:20 - 09:40

Novel insights in endoscopic  
treatment of Gastric Cancer

*T. Gotoda (Japan)*

### 09:40 - 10:00

Molecular Classification of Gastric  
Cancer

*F. Carneiro (Portugal)*

### 10:00 - 10:20

Hereditary Diffuse gastric Cancer:  
the International Consortium

*RC. Fitzgerald (UK)*

### 10:20 - 10:45

Interactive discussion

### 10:45 - 11:00

Coffee break

### THE NEW SURGICAL FRONTIERS

**President:** *A. Zaccaroni (Italy)*

**Chairmen:** *HJ. Meyer (Germany),  
A. Donini (Italy)*

**Interactive section:** *R. Reddavid (Italy)*

### 11:00 - 11:20

Global view on Gastric Cancer  
treatment: Is it now gastric cancer  
in the West, more aggressive than in  
the past?

*G. De Manzoni (Italy)*

### 11:20 - 11:40

Japanese randomized trials (JCOG):  
challenges for new perspectives

*M. Terashima (Japan)*

### 11:40 - 12:00

Mini-invasive gastrectomy for Gastric  
Cancer: what the KLASS trials can  
teach to the world?

*HK Yang (Korea)*

### 12:00- 12:20

Present and future perspectives in  
multimodal treatment of Gastric  
Cancer

*F. Lordik (Germany)*

### 12:20 - 12:45

Interactive discussion

### 12:45 - 14:00

Lunch

### ACCURATE STAGING FOR APPROPRIATE TREATMENTS

**President:** *O. Triossi (Italy)*

**Chairmen:** *C. Benavides (Chile),  
R. Rosati (Italy)*

**Interactive section:** *A. Zanoni (Italy)*

### 14:00 - 14:15

A better clinical staging means more  
appropriate treatment strategies?

*W. Allum (UK)*

# THE NEW FRONTIERS

## in Gastric Cancer diagnosis and treatment

### 14:15 - 14:30

The role of posterior and paraortic lymph node dissection in Gastric Cancer staging

*F. Roviello (Italy)*

### 14:30 - 14:45

Peculiarities of clinical staging in EGJ cancers; Thoracic or Abdominal Cancer?

*S. Moenig (Germany)*

### 14:45 - 15:15

Interactive discussion

## FOCUS ON POORLY COHESIVE AND SIGNET RING CELL GASTRIC CARCINOMA

**President:** *M.P. Foschini (Italy)*

**Chairmen:** *G. De Manzoni (Italy), W. Allum (UK)*

**Interactive section:** *M. Bencivenga (Italy)*

### 15:15 - 15:30

Mixed type Gastric Cancer: a "de novo" carcinoma

*M. Vieth (Germany)*

### 15:30 - 15:45

Issues in pathological definition and classification of Poorly Cohesive and Signet Ring Cell Gastric Carcinoma

*F. Carneiro (Portugal)*

### 15:45 - 16:00

Prognostic role of intratumoral stroma in Poorly Cohesive and SRC gastric Carcinoma

*H. Grabsch (Netherlands)*

### 16:00

Tailored diagnostic and treatment strategies for Poorly cohesive and SRC carcinoma

*M. Sasako (Japan)*

### 16:15 - 16:45

Interactive work with the audience on signet ring case reports

*A. Tomezzoli (Italy)*

## INNOVATION IN PERI-OPERATIVE MANAGEMENT

**President:** *GL. Garulli (Italy)*

**Chairmen:** *C. Malheiros (Brazil), S. Rausei (Italy)*

**Interactive section:** *De Pascale (Italy)*

### 16:45 - 17:00

Pre-operative nutritional assessment in Gastric Cancer

*S. Giacomuzzi (Italy)*

### 17:00 - 17:15

ERAS protocols in Gastric Cancer surgery

*U. Fumagalli Romario (Italy)*

### 17:15 - 17:30

Post-operative complications: the European Consensus

*G. Baiocchi (Italy)*

### 17:30 - 18:00

Compliance case reports and interactive work on European consensus recording sheet

*E. Marino (Italy)*

### 18:00

Greetings from the Authorities

## Friday, September 14<sup>th</sup>

### NEW OPPORTUNITIES AND PROBLEMS AFTER NEO-ADJUVANT TREATMENTS

**President:** *D. Amadori (Italy)*

**Chairmen:** *F. Lordik (Germany), C. Garcia Carrasco (Chile)*

**Interactive section:** *F. Steccanella (Italy)*

#### 08:30 - 08:45

Final results of Italian DOX Trial  
*O. Nanni (Italy)*

#### 08:45 - 09:00

Issues in radiological re-staging after neo-adjuvant treatment  
*MA. Mazzei (Italy)*

#### 09:00 - 09:15

Issues in pathological assessment after neo-adjuvant treatment  
*R. Langer (Switzerland)*

#### 09:15 - 09:30

Post-operative morbidity after neo-adjuvant therapy  
*D. Marrelli (Italy)*

#### 09:30 - 09:45

Biomarkers for prediction of tumour response to neo-adjuvant treatments  
*D. Melisi (Italy)*

#### 09:45 - 10:00

The FLOT trial  
*S. Moenig (Germany)*

#### 10:00 - 10:30

Interactive discussion

#### 10:30 - 10:45

Coffee break

### WHEN TO PERFORM MORE AGGRESSIVE SURGERY?

**President:** *G. Poggioli (Italy)*

**Chairmen:** *AC. Weston (Brazil), M. Degiuli (Italy)*

**Interactive section:** *L. Ruspi (Italy)*

#### 10:45 - 11:00

Surgery in T4b gastric cancer  
*T. Sano (Japan)*

#### 11:00 - 11:15

Surgical indications in Gastric Cancer with liver metastases  
*G. Tiberio (Italy)*

#### 11:15 - 11:30

Conversion surgery in Gastric Cancer with peritoneal metastases  
*K. Yoshida (Japan)*

#### 11:30 - 11:45

What surgical limits in very advanced EGJ carcinomas?  
*H. Holsher (Germany)*

#### 11:45 - 12:00

Beyond the trials: when paraortic dissection is indicated?  
*M. Sasako (Japan)*

#### 12:00 - 12:30

Interactive work with the audience on conversion surgery and neoadjuvant treatment  
*S. Ministrini (Italy)*

# THE NEW FRONTIERS

## in Gastric Cancer diagnosis and treatment

### GENETIC FOR LIFE

**President:** G. Martinelli (Italy)

**Chairmen:** CE. Jacob (Brazil),  
F. Roviello (Italy)

**Interactive section:** K. Polom (Poland)

### 12:30 - 12:45

Up-date in Hereditary Gastric Cancer

C. Oliveira (Portugal)

### 12:45 - 13:00

Screening for Hereditary Diffuse Gastric Cancer and management of affected families

RC. Fitzgherald (UK)

### 13:00 - 13:15

The new guidelines

RS. Van der Post (Netherlands)

### 13:15 - 13:45

Interactive discussion

### 13:45 - 15:00

Lunch

### WHAT CAN WE IMAGINE FOR THE FUTURE?

**President:** G.L. Frassinetti (Italy)

**Chairmen:** L. Lourenco (Brazil),  
D. Marrelli (Italy)

**Interactive section:** M. Gualtierotti (Italy)

### 15:00 - 15:15

Neoadjuvant treatment: how can we compare in the future, results from so different trials?

C. Caballero (Belgium)

### 15:15 - 15:30

New technologies in Gastric Cancer surgery

HK. Yang (Korea)

### 15:30 - 15:45

Robotic surgery in the West

B. Zilberstain (Brazil)

### 15:45 - 16:00

Minimally invasive surgery, why or why not?

S. Preston (UK)

### 16:00 - 16:30

Interactive discussion

### 16:30 - 16:45

Coffee break

### WHAT CAN WE IMAGINE FOR THE FUTURE RESEARCH?

**President:** S. Tamperi (Italy)

**Chairmen:** L. Borgno (Uruguay),  
G. Sgroi (Italy)

**Interactive section:** F. Rosa (Italy)

### 16:45 - 17:00

Preclinical research on molecular therapy

S. Giordano (Italy)

### 17:00 - 17:15

New immunological and biological drugs in Gastric Cancer

S. Cascinu (Italy)

## SCIENTIFIC PROGRAMME

Forlì 2018, September 13<sup>th</sup>-14<sup>th</sup>  
Auditorium San Giacomo

### 17:15 - 17:30

Clinical application of molecular classifications of Gastric Cancer  
*D. Marrelli (Italy)*

### 17:30 - 17:45

The role of the national associations: standardization and collaboration  
*P. Kassab (Brazil)*

### 17:45 - 18.15

Interactive discussion

### 18.15 - 18:45

Anatomo-Surgical Practice in 17<sup>th</sup> and 18<sup>th</sup> century: archeo-anthropological cases from the old hospital cemetery in Forlì  
*M. Traversari (Italy)*

### 18:45

Conclusions  
*G. Ercolani, P. Morgagni, L. Saragoni*

# THE NEW FRONTIERS

## in Gastric Cancer diagnosis and treatment

### Under the padronance of

### In collaboration with

Comune di Forlì e Romagna Cultura

Training event in the process of accreditation

### How to get to Forlì

**By plain:** Guglielmo Marconi Airport in Bologna  
(via Triumvirato, 84)  
telephone +39.051.647.96.15  
[www.bologna-airport.it](http://www.bologna-airport.it)

**By train:** main north-south rail links through the  
Milano-Bologna-Ancona and  
Milano-Bologna-Firenze-Roma lines

**By car:** motorway A14 from Bologna to  
Rimini, exit Forlì;  
Strada Statale n. 9 (via Emilia)

Send the QRcode  
and download the  
APP free of charge

**Provider ECM e Segreteria Organizzativa**

**PROVIDER STANDARD NAZIONALE - ID33**

Training event (in the progress of accreditation)  
This CME event will be held in Forlì from the 13<sup>th</sup> to 14<sup>th</sup>  
of September 2018.

Accredited for a maximum of 300 attendees,  
the event will be reserved to the following disciplines:

Gastroenterology, Internal medicine,  
Metabolic and replacement diseases, Family medicine, Nurse, Surgery,  
Pathology, Oncology, Radiology.

No registration fee is required.
